Sleepers Weir 4 Removal – St. Johnsbury, VT

Addendum #1 – April 29, 2026

1. Are there any hazardous materials in the abandoned concrete gauge building?

The building has not been tested for hazardous materials and the door to the building has not been opened by the project team. Based on a visual inspection, it does not appear that there are any significant hazardous materials present.

2. Can you please explain the note on CS-101, “Restore existing tree line following removal of temporary staging areas and access routes”?

Tree planting is not within the scope of work.

3. Are there any time-of-year restrictions related to cutting trees within the limits of disturbance?

No, there are no time-of-year restrictions related to cutting trees within the limits of disturbance.

4. Do we need to remove the two small concrete pillars on river right just upstream of the weir?

Yes, we would like the contractor to remove the two small concrete pillars on river right just upstream of the weir.
